3. China Follow-up Report:

The China Working Group developed a draft report that is presently being coordinated within the Intelligence Community. As noted, the report will be tabled in early June. [REDACTED]

25X1

4. In essence, the report notes that most of the 39 recommendations contained in the original China study have been successfully implemented. The report concludes that our capability to address the China problem has improved during the past 12 months, and the Intelligence Community's overall posture towards China has stabilized at an appropriate level. [REDACTED]
